Taking Wing (Star Trek: Titan Book 1) Michael A. Martin, Andy Mangels

After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the *U.S.S. Titan*, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history.

But their mission does not begin according to plan.

In the wake of *Star Trek*® *Nemesis*, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize.

To restore order to the region, *Titan*'s long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the *Titan* crew become the last hope to prevent the quadrant from falling into chaos.

Now, why not attempting Taking Wing (Star Trek: Titan Book 1) that give your enjoyment preference will be satisfied by means of reading this book. Reading behavior all over the world can be said as the opportunity for people to know world far better then how they react towards the world. It can't be explained constantly that reading behavior only for the geeky individual but for all of you who wants to be success person. So , for every you who want to start looking at as your good habit, you can pick Taking Wing (Star Trek: Titan Book 1) become your own personal starter.

Ronna Rutledge:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some publication, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Taking Wing (Star Trek: Titan Book 1) can make you really feel more interested to read.
