Five Little Easter Eggs William Boniface

Five little, four little, three little...two little adorable books that will let little kids count their way down through two exciting Easter adventures that end with a surprise! With a unique trim size, a plastic-molded counting piece on each spread that disappears as kids count down, and an exciting pop-up at the end, these clever little Easter books are bound to be a hit. William Boniface supplies clever new versions of the old counting-down rhyme, and Lynn Adams provides illustrations that will charm both little kids and their parents.
