How the Poor Can Save Capitalism: Rebuilding the Path to the Middle Class John Hope Bryant

John Hope Bryant, successful self-made businessman and founder of the nonprofit Operation HOPE, says business and political leaders are ignoring the one force that could truly re-energize the stalled American economy: the poor. If we give poor communities the right tools, policies, and inspiration, he argues, they will be able to lift themselves up into the middle class and become a new generation of customers and entrepreneurs.

Raised in poverty-stricken, gang-infested South Central Los Angeles, Bryant saw firsthand how our institutions have abandoned the poor. He details how business loans, home loans, and financial investments have vanished from their communities. After decades of deprivation, the poor lack bank accounts, decent credit scores, and any real firsthand experience of how a healthy free enterprise system functions.

Bryant radically redefines the meaning of poverty and wealth. (It's not just a question of finances; it's values too.) He exposes why attempts to aid the poor so far have fallen short and offers a way forward: the HOPE Plan, a series of straightforward, actionable steps to build financial literacy and expand opportunity so that the poor can join the middle class.

Fully 70 percent of the American economy is driven by consumer spending, but more and more people have too much month at the end of their money. John Hope Bryant aspires to “expand the philosophy of free enterprise to include all of God's children” and create a thriving economy that works not just for the 1 percent or even the 99 percent but for the 100 percent. This is a free enterprise approach to solving the problem of poverty and raising up a new America.

What you are related is just spending your time not much but quite enough to enjoy a look at some books. Among the books in the top record in your reading list is actually How the Poor Can Save Capitalism: Rebuilding the Path to the Middle Class. This book which can be qualified as The Hungry Mountains can get you closer in growing to be precious person. By looking right up and review this book you can get many advantages.

Sandra Fritz:

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just tiny students that has reading's spirit or real their hobby. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this How the Poor Can Save Capitalism: Rebuilding the Path to the Middle Class can make you experience more interested to read.
