Voices in the Dark: The Last Descendants #2 Catherine Banner

Asking for the truth can be as painful as telling it. . . .

Anselm Andros has clearly defined roles in his family and they are roles he plays very well—he is confidante to his mother, Maria. He is the confessor to his stepfather, Leo, a man haunted by the secrets of his past. And Anselm is also the patient, caring brother to his precocious sister, Jasmine. When the political landscape of Malonia starts to shift, this unassuming family begins to unravel. Even though they've spent the past fifteen years leading a quiet life, Maria and Leo's actions are forever linked to the turbulent history of Malonia and its parallel world, modern-day England. With so much uncertainty at home and in his world, it is more important than ever for Anselm to put all the pieces of the past together. He must listen to his own voice and acknowledge his fears and desires—whatever the cost.

From the Hardcover edition.
