# Processes, Assessment and Remediation of Contaminated Sediments: 6 (SERDP ESTCP Environmental Remediation Technology)

## Processes, Assessment and Remediation of Contaminated Sediments: 6 (SERDP ESTCP Environmental Remediation Technology)

The purpose of this book is to help engineers and scientists better understand contaminated sediment sites and identify and design remedial approaches that are more efficient and effective. Contaminated sediment management is a difficult and costly exercise that is rarely addressed with easily identified and implemented remedies. It is hoped that this book can help identify and implement management approaches that provide an optimal, if not entirely satisfactory, solution to sediment contaminant problems.?
