All the stories died that morning ... until we found the one we'd always known.

When nine-year-old Rose is diagnosed with a life-threatening illness, Natalie must use her imagination to keep her daughter alive. They begin dreaming about and seeing a man in a brown suit who feels hauntingly familiar, a man who has something for them. Through the magic of storytelling, Natalie and Rose are transported to the Atlantic Ocean in 1943, to a lifeboat, where an ancestor survived for fifty days before being rescued. Poignant, beautifully written and tenderly told, *How To Be Brave* weaves together the contemporary story of a mother battling to save her child's life with an extraordinary true account of bravery and a fight for survival in the Second World War. A simply unforgettable debut that celebrates the power of words, the redemptive energy of a mother's love ... and what it really means to be brave.
