The Thesaurus: Review, Renaissance, and Revision Sandra K. Roe, Alan R Thomas

Use this single source to uncover the origin and development of the thesaurus!

The Thesaurus: Review, Renaissance, and Revision examines the historical development of the thesaurus and the standards employed for thesaurus construction. This book provides both the history of thesauri and tutorials on usage to increase your understanding of thesaurus creation, use, and evaluation. This reference tool offers essential information on thesauri in the digital environment, including Web sites, databases, and software. For 50 years, the thesaurus has been a core reference book; The Thesaurus: Review, Renaissance, and Revision celebrates this history and speculates on the future of vocabulary-switching tools.

This book will familiarize you with contemporary and emerging functions of thesauri, including international and multilingual developments. The Thesaurus: Review, Renaissance, and Revision provides information and library professionals—including indexers, abstractors, subject catalogers, classifiers, and reference librarians—a historical overview of the thesaurus and its past as well as recent developments. This book also gives patrons, readers, and researchers more effective techniques in vocabulary management and offers insight on how thesauri are devised and compiled.

This book addresses:

- changing definitions, characteristics, functions, and applications of thesauri
- the value of standards, evaluation, use and review of software, and role and work of consultants during thesauri construction and maintenance
- multicultural issues that affect thesauri creation, such as mapping and interoperability
- education and training

From reader reviews:

Angel Garcia:

The book *The Thesaurus: Review, Renaissance, and Revision* has a lot of details on it. So when you check out this book you can get a lot of help. The book was compiled by the very famous author. The writer makes some research before writing this book. This particular book is very easy to read; you will get the point easily after looking over this book.

George Foulds:

Your reading sixth sense will not betray you, why because this *The Thesaurus: Review, Renaissance, and Revision* is written by a well-known writer who really knows well how to make a book that could be understood by anyone who else reads the book. Written in a good manner for you, still dripping with every idea and publishing skill only to eliminate your own hunger then you still have uncertainty. *The Thesaurus: Review, Renaissance, and Revision* is a good book but not only by the cover but also by the content. This is one guide that can break down a book by its price, so do you still need one more sixth sense to pick this kind of!? Oh come on, your examining sixth sense already said so why you have to listen to another sixth sense.

Janice Saucier:

As we know that a book is an important thing to add our information for everything. By an e-book we can know everything we would like. A book is a set of written, printed, illustrated or blank sheets. Every year ended up being exactly added. This publication *The Thesaurus: Review, Renaissance, and Revision* was filled with science. Spend your spare time to add your knowledge about your science competence. Some people have a distinct feel when they read a new book. If you know how big the selling point of a book is, you can really feel joy to read a publication. In the modern era like right now, there are many ways to get a book which you wanted.

Tracy Rendon:

Do you like reading a publication? Confused looking for your favorite book? Or your book has been rare? Why so many issues for the book? But just about any people feel that they enjoy reading. Some people like studying, not only science books but in addition novels and *The Thesaurus: Review, Renaissance, and Revision* or even other sources were given information for you. After you know how truly great a book is, you feel you want to read more and more. Science publications were created for teachers as well as students especially. Those textbooks are helping them to bring their knowledge. In some other case, besides science publications, any other book like *The Thesaurus: Review, Renaissance, and Revision* to make your spare time far more colorful. Many types of books like this.
