Todd L. Edwards

**Argentina: A Global Studies Handbook (Global Studies: Latin America & the Caribbean)** Todd L. Edwards

*Argentina: A Global Studies Handbook* is a revealing look at South America's second largest nation, providing an interdisciplinary introduction to the country's economy, history, geography, politics, government, society, and culture.

*Argentina* spans over five centuries of the nation's evolution—from the arrival of the conquistadors through the years of revolution and independence, from the Peron era and the often difficult post-Peron transitioning, to the surprising success of current president Néstor Kirchner. The book features both narrative chapters on the country's history and culture, and a reference section with alphabetically organized entries on important people, places, events, and more. There is no better place to begin an investigation of Argentine society and culture, its rich artistic traditions and volatile politics, and the dramatic history that shaped the nation as it is today.

#### **James Martin:**

As a university student exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just minor students that has reading's internal or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring as well as can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's

country. So , this Argentina: A Global Studies Handbook (Global Studies: Latin America & the Caribbean) can make you sense more interested to read.
