Joomla! 1.5 Site Blueprints: LITE Timi Ogunjobi

Each chapter is dedicated to a hands-on example project, which are based on fictitious web site development briefs that illustrate practical ways of applying Joomla!. Each chapter contains step-by-step instructions for building the web project, aided by the extensive use of screenshots. When you have completed each project, you will have the knowledge and confidence to apply the techniques you have learned to create your own custom web application. This book is for anybody who wants to build Joomla! sites, and see how to apply the many available Joomla! plugins and features in different scenarios. If you develop Joomla! sites professionally, or would like to try building web sites as a freelancer, this is a great book to help you get started.
