THE SECRET WAR AGAINST AMERICA

America is at war and the stakes are huge. The fight is not just in Iraq and Afghanistan, it is a global contest between the United States, radical Islam, a resurgent Russia, and a virulent New Left that is coming to power in Latin America and stalking the corridors of power around the world, including the United States. These three enemies of America are separate but they cooperate--and in his stunning new book, *Shadow World*, Robert Chandler shows how. In *Shadow World* you'll learn:

- \* Why "post-Communist" Russia is not really "post-Communist" at all, but represents an insidious new strategic threat to the United States
- \* How "cultural communism" has rejuvenated the radical Left's prospects around the world
- \* Why American-style democracy is losing out to Castro and Hugo Chavez-style communism in Latin America
- \* How radical Islam has allied itself to the New Left--and why this makes radical Islam even more dangerous than before

*Shadow World* reveals, in a way no other book has done, the new strategic realities of the post-Cold War, post-9/11 world. Provocative, insightful, thorough, it is essential reading for those who want to see the 21st century as America's century, and not the century of her enemies.
