Designing with Conifers: The Best Choices for Year-Round Interest in Your Garden

Richard L. Bitner

Designing with Conifers: The Best Choices for Year-Round Interest in Your Garden Richard L. Bitner
With blue, green, and gold foliage and shapes ranging from spiky to weeping, conifers have the potential to be garden design stars. But they are commonly misused in gardens and landscapes, leading to looming spruces squashed against a house or rows of kettledrum-shaped yews along a sidewalk. When used correctly and creatively, conifers can be star players in creating beautiful, long-lasting plant combinations or serene backyard havens.

Designing with Conifers shows readers exactly how to choose the best conifers for specific needs. Chapters cover shape, color, and conifers for specific sites and conditions, including front gardens, hedges and screens, topiary, dwarf conifers, shade gardens, Asian-style gardens, bonsai, and miniature railroad gardens. Also includes useful appendices that list of conifers for various problems and conditions, like conifers for areas plagued by deer and the best conifers for Christmas trees and Southern gardens. Each section is enlivened with gorgeous color photographs.

Whatever landscape situation or challenge a gardener designer faces, *Designing with Conifers* shows how to make the best choice from this beautiful, useful, and versatile group of plants.

From reader reviews:

Richard Endsley:

As people who live in the actual modest era should be change about what going on or data even knowledge to make them keep up with the era and that is always change and move forward. Some of you maybe can update themselves by examining books. It is a good choice to suit your needs but the problems coming to you actually is you don't know what one you should start with. This Designing with Conifers: The Best Choices for Year-Round Interest in Your Garden is our recommendation to make you keep up with the world. Why, because this book serves what you want and wish in this era.

Coralee Lowe:

Is it an individual who having spare time subsequently spend it whole day by means of watching television programs or just lying down on the bed? Do you need something totally new? This Designing with Conifers: The Best Choices for Year-Round Interest in Your Garden can be the response, oh how comes? The new book you know. You are and so out of date, spending your free time by reading in this brand new era is common not a nerd activity. So what these guides have than the others?

Dolores Crook:

As a pupil exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some e-book, they are complained. Just little students that has reading's heart or real their interest. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Designing with Conifers: The Best Choices for Year-Round Interest in Your Garden can make you really feel more interested to read.

Karina McDermott:

A number of people said that they feel weary when they reading a guide. They are directly felt that when they get a half elements of the book.
