They live a modest life, juggling their work and private life, but allowing their careers to get in the way. Mike believes that everything is just fine, not realizing the Cecily feels something is missing. The rebellious child she was in her youth has morphed into this staid and mild mannered woman and she's not sure if she likes the woman she has become. She meets a mysterious man, and she feels a connection that leads her to want to help him. Is Chance Steadman as helpless as he seems and will Cecily find that he is more trouble than he's worth? Is there room in her heart for two men and what happens when those two men come face to face for the first time? Unexpected visitors come calling, leaving more questions than answers to what's going on..... Here's a short snippet of the content: He opened the door wider and emerged through the steam with droplets of dew on his chest. I couldn't help it and I stared at his body, taking particular interest in what was making its presence known underneath the towel. "Um, you bumped into my car and was mumbling something about a Trojan Horse that was coming." He got this same far away look that Tina got, but he was in some sort of trance. "Are you still there?" I waved my hand back and forth in front of his face, until he finally blinked back to reality.
