## **Globalization and Internationalization in Higher Education: Theoretical, Strategic and Management Perspectives** Felix Maringe, Nick Foskett

Universities all over the world are increasingly recognising the challenges of globalization and the pressures towards internationalization. This collection draws together a wealth of international experience to explore the emerging patterns of strategy and practice in internationalizing Higher Education.

Questions considered include:

- How is the concept of globalization in the context of higher education understood by those who lead universities across the world?
- What new challenges are being created as universities seek to become more international?
- Which forms of leadership are needed and will be needed in the future in these transforming institutions and how are they going about preparing for and achieving this?
