THE WOMAN THAT NEVER EVOLVED

Sarah Blaffer Hrdy

THE WOMAN THAT NEVER EVOLVED Sarah Blaffer Hrdy

Hailed as a ground-breaking synthesis of feminism and evolutionary theory when first published, *The Woman That Never Evolved* is a bold and refreshing answer to contemporary versions of social Darwinism that shoehorn female nature into narrow stereotypes. Sarah Blaffer Hrdy, a leader in modern primatology, argues that evolutionary theorists' emphasis on sexual competition among males for access to females overlooks selection pressures on females themselves. In a vivid account of what female primates themselves actually do to secure their own reproductive advantage, she demolishes myths about sexually passive, "coy," compliant, exclusively nurturing females. Her lucid and compelling account of the great range of behaviors in many species of primates expands the concept of female nature to include the full range of selection pressures on females, and reminds us of the true complexity and dynamism of the evolutionary story.
